

FSDP Cockpit from paricon now Available for Purchase on SAP® App Center

Rosenheim - September 24, 2020 - paricon today announced that its [FSDP Cockpit](#) is now available for online purchase on [SAP® App Center](#), the digital marketplace for SAP partner offerings. The solution supplements SAP Financial Services Data Management software with a cockpit for user-friendly data display and powerful functions for data quality and correction management.

With SAP Financial Services Data Management, SAP offers an innovative corporate management platform with a mature reference data model for financial service providers and state-of-the-art SAP HANA® database technology. As a development partner for data and data quality management for SAP Financial Services Data Management, paricon offers the FSDP Cockpit, a convenient, user-friendly solution for a business view of SAP Financial Services Data Management, data and functions for manual and rule-based data quality management and audit-proof data correction.

The concrete benefit of the FSDP Cockpit is to further increase efficiency and usability of SAP Financial Services Data Management software. The possibility to edit business and result data managed in SAP Financial Services Data Management in the usual business object logic and in comfortable user interface makes the innovative technology of this SAP software accessible to business department employees. With paricon's data quality rules and regulations, the cockpit helps to ensure that computing cores accessing SAP Financial Services Data Management data can work in a highly automated manner - and thus provide correct results data for corporate management.

At SAP App Center, businesses can discover approximately 1,600 innovative partner solutions that integrate with and extend SAP solutions. There, customers can find the SAP-validated partner apps they need to grow their business. And for each purchase made on SAP App Center, SAP will plant a tree. Find, try, and buy SAP partner solutions digitally at www.sapappcenter.com.

paricon is a partner in the SAP PartnerEdge® program. As such, it is empowered to build, market and sell software applications on top of market-leading technology platforms from SAP. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively. The program provides access to all relevant SAP technologies in one simple framework under a single, global contract.

###
